

Epson[®] Perfection[®] V800 Photo Scanner

Scanners

Photo

The color scanner for precise film and photo reproductions.

Precise color and detail — get extraordinary scans with state-of-the-art 6400 dpi optical resolution¹

Remarkable tonal range and shadow detail — 4.0 Dmax for smooth gradations and fine shadow detail

Epson's exclusive Dual Lens System — automatically selects from two lenses for optimum results based on the media being scanned

Automatically remove dust and scratches — Digital ICE[®] Technologies remove many surface defects from film and prints to minimize costly retouching

ReadyScan[®] LED light source — for fast scans with no warmup time required

Batch scanning — digitize multiple slides, negatives, medium- and large-format film with included film holders

Do more with your film and photos — SilverFast[®] SE software included for added versatility and control

Precision film scanning — includes one set of anti-Newton ring film holders; specialized fluid mount option available

*At retail. Excludes specialty receipt scanners.²
